Backend Developer Intern | NestJS, TypeScript, SQL | Java

OBJECTIVE

Backend Developer Intern with hands-on experience building REST APIs and backend services using NestJS, TypeScript, Node.js, TypeORM and MySQL. Experienced in implementing authentication and authorization, JWT-based security, database relationships, validation, caching with Redis, and API development. Strong foundation in Java, SQL, OOP and software development, with previous AI/ML internship experience at Infosys.

SKILLS

Programming Languages:	Java, TypeScript
Backend Technologies:	NestJS, REST APIs, Node.js
Databases:	MySQL, SQL, TypeORM
Authentication:	JWT, Authentication & Authorization, Guards, Roles, Permissions, Cookies
Caching:	Redis
Testing Concepts:	SDLC, Manual Testing
Tools:	Git, GitHub, Postman, VS Code, IntelliJ IDEA, MySQL Workbench, XAMPP
Concepts:	OOP, API Development, Database Management

EDUCATION

NSHM Knowledge Campus **2022 – 2026**
Bachelor of Technology in Computer Science (CGPA: 7.65) Durgapur, West Bengal

Gopinathpur High School **2019 – 2021**
Higher Secondary Education (87%) Medinipur, West Bengal

Gopinathpur High School **2017 – 2019**
Secondary Education (74%) Medinipur, West Bengal

EXPERIENCE

Backend Developer Intern | Webapps Software Solutions **Kolkata | June 2026 – Present**

- Developed **REST APIs** using **NestJS, TypeScript, and Node.js**.
- Worked with **MySQL, SQL, and TypeORM** for database entities, relationships, and operations.
- Implemented **JWT authentication, authorization, Guards, Roles, and Permissions**.
- Integrated **Redis caching** and used **Postman, Git, and GitHub** for API testing and version control.

AI/ML Intern | Infosys, Kolkata Zone **Kolkata | October 2024**

- Developed a **Streamlit** application with a **Flask REST API** for real-time allergen prediction.
- Used **Python, Scikit-learn, Pandas, Plotly, and Matplotlib** for ML development and data visualization.
- Applied basic **SDLC, testing, and debugging** practices during development.

Internship Certificate: View Certificate

PROJECTS

SWC Learning Platform *(NestJS, TypeScript, MySQL, TypeORM, Redis, JWT)*

- Developed a scalable **REST API** for an educational platform using **NestJS, TypeScript, TypeORM, and MySQL**, covering courses, academic programs, mock tests, and competitive exams.
- Implemented **JWT authentication, HTTP-only cookies, role-based authorization, password reset, and API rate limiting**.
- Integrated **Redis caching, BullMQ, Nodemailer, and BunnyCDN** for performance, background processing, email services, and media management.
- **Links:** Project Repository: GitHub

Car Rental Management System *(Java, OOP, Collections, Scanner)*

- Developed a menu-driven **Java console application** for car rental and return management using **OOP and Collections**.
- Applied **encapsulation, modular class design, and ArrayList** to manage cars and rental operations.
- Designed a structured and maintainable application using core **Java programming concepts**.
- **Links:** Project Repository: GitHub

TECHNICAL TRAINING

QSpiders, Kolkata
Full-Stack Java Development training with hands-on practice in Java, SQL, HTML, CSS, and JavaScript. Focused on Object-Oriented Programming (OOP), database fundamentals, frontend development, and beginner-level full-stack projects.
